EXPERIENCE

Assistant Director of Finance – Hampton University Proton Cancer Institute

Hampton, VA | November 2020 – January 2026

- Led finance operations as Interim Finance Director (two non-consecutive years), overseeing an $80M annual operating budget and managing a 6-member finance team, consistently delivering unqualified audit opinions with zero findings.
- Discovered $3M in unbilled revenue, recovered $800K in cash over two years, and developed an automated revenue model leveraging current volumes, historical trends, and contractual adjustments, achieving >92% estimate-to-actual accuracy.
- Owned end-to-end month-end close, including balance-sheet reconciliations, budget and prior-period variance analysis, preparation of journal entries, depreciation and amortization calculations, accelerating final close to five business days post-period while ensuring GAAP compliance.
- Directed and deployed an enterprise ERP migration including automated bill processing, API integrations with banking systems, and migration of 3,000 fixed assets into Sage Intacct Fixed Assets.
- Designed enterprise-wide Tableau and Power BI dashboards as the primary executive reporting tools, reducing management reporting cycle time by 15%.

Senior Accountant – Situation Solutions One, Inc.

Virginia Beach, VA | June 2020 – November 2020

- Served as sole accounting and finance lead, reporting directly to the CEO and supporting acquisition, renovation, rental, and capital deployment decisions across a real estate investment portfolio.
- Built vendor payment, lien tracking, and cost-control processes, reducing construction-related payment delays by 30% within five months.
- Analyzed renovation costs, rental yields, and return profiles through profitability analysis and financial modeling, improving portfolio efficiency 10%.
- Strengthened cash forecasting and liquidity planning, increasing available operating cash by 10% through spend management and variance review.

General Accountant – SCP Building Materials Trading Group

Dubai, U.A.E. | January 2018 – February 2020

- Managed end-to-end general accounting for a group of trading entities, including GL ownership, AR/AP, bank reconciliations, inventory accounting, and month-end close improving reporting time.
- Streamlined accounts payable and receivable workflows across trading entities, accelerating invoice turnaround cycles and strengthening cash collection, improving overall working capital efficiency.
- Implemented a cost-control system to monitor and reduce overhead expenditures across the group, improving budget adherence and delivering clearer operating cost visibility to senior management.
- Prepared consolidated financial statements and ensured compliance with IFRS and UAE financial reporting regulations, maintaining accurate inventory valuation and producing timely period-end reports.

General Accountant – SIG Middle East LLC (Multinational, UK-Headquartered Group)

Dubai, U.A.E. | July 2015 – December 2017

- Supported general accounting operations for the Middle East arm of a multinational, UK-based organization, operating within a diverse, multi-national environment.
- Executed GL maintenance, AR/AP processing, bank reconciliations, inventory accounting, and month-end close, improving period-end reporting timeliness by 20%.
- Introduced process improvements across accounts payable and receivable functions and supported overhead cost-control initiatives, contributing to leaner operations and more accurate inventory valuation within the regional entity.
- Supported IFRS-compliant reporting, UAE statutory requirements, and audit preparation through disciplined reconciliations and documentation.
